The numbers in this chart are the most accurate data we have for our schools and may not be the same as those reported by the State or County Health Department. There is a significant lag time in the notification of positive cases and the actual reporting of those numbers by the agencies.

The total number of students and staff who have been placed in quarantine as a close contact are not necessarily the result of a close contact in the schools.

The Year-To-Date Quarantine data does not take into account if a student/staff was quarantined more than once.
