

## Welcome to Miss May's Advanced Placement United States History Class!

I look forward to getting to know you all throughout the 2019-2020 school year. APUSH will cover the time periods from the discovery of America to the present date. The course demands a sizeable amount of reading from the text and primary and secondary sources. To prepare for your in-depth exploration of the history of our country and ultimately, for the A.P. test on May 8th, you will need to take advantage of time off this summer to get a head start. Covering some of the text and additional reading over the summer will allow us more time to focus on specific issues during the school year. Additionally, this will allow our class some much needed review time for the A.P. test. I will be gone the last week of school while I am in Louisville, Kentucky grading the APUSH exam. It is IMPERATIVE that you join Remind so that you can message me with any questions! Without further ado, let's get into your summer assignment!

### Required readings:

1. *AMSCO: United States History: Preparing for the Advanced Placement Examination*. 2015 or newer editions ONLY.
  - a. Check out at the library (BEFORE SCHOOL GETS OUT!)
  - b. Purchase your own from amazon.com or Amscopub.com (\$20-\$30) PURCHASE NOT REQUIRED!
